Curate Online Trail Information

Mariposa Trails posts information online at three locations: (1) mariposatrails.org; (2) AllTrails; and 3) The Hiking Project. We do this so that users have current and accurate trail-based information, enabling us to promote trails while maximizing user safety.

ACTIVITIES

- manage alerts
- respond to user questions or comments
- create content for trails added to these venues
- upload pictures
- post current condition reports
- see use patterns and related extent of use
- produce reports about trail use and maintenance needs
